Everything your academy runs on

One console for the whole operation — from the first enquiry to the monthly finance report.

Effortless enrolments

Onboard students in under a minute with a guided form. Welcome SMS sent automatically.

Batch & 1-on-1 scheduling

Build recurring batches, track capacity live, and book private sessions around your courts.

Fee tracking

See who has paid at a glance. Auto-generate invoices and collect via UPI, card or cash.

Automated SMS

Fee reminders, schedule changes and class cancellations — sent to parents on autopilot.

Finance reporting

Monthly collection, outstanding dues and growth trends, ready for your accountant.

Multi-tenant by design

Every academy's data is fully isolated. Sign up and be operational in minutes — no installs.

Operational in minutes

No installs, no IT team. Sign up and your academy is live the same day.

1

Sign up your academy

Create your tenant, add your branding and courts. No software to install.

2

Add coaches & students

Import your roster or enrol students one by one. Build your batches.

3

Run day-to-day

Track attendance, collect fees, message parents — all from one console.
